Nursery Office

Russells End Farm
Bromsberrow, Ledbury HR8 1PB
Tel: (01531) 650482 Fax: (01531) 650053

*Our maturing 1+2
Beech (Fagus) crop.*

*The 4 year old Yew
(Taxus) crop is now
mature and ready for
sale.*

*Guelder rose
(Viburnum opulus)
surely one of the most
beautiful of our native
shrubs, but why is it
called 'rose'?*

*We also do a range of
cost effective, field-
grown ornamentals,
here Cornus
Elegantissima and
Spaehtii with Laurel
in the background.*

Dear customer,

Welcome to Wyevale Transplants:

Thank you for showing an interest in our new crop of maturing plants for the coming season 2011 – 2012.

As a well-established nursery of over 20 years, we have our proven range of top quality, native trees, shrubs and hedging plants to offer. We pride ourselves on being one of Britain's leading providers of bare root plants to landscapers, forestry and horticultural industries, county councils and private land owners.

All of our stock is grown from native provenance seed where possible, and our cuttings are produced from our own-grown material.

As professional nursery growers, we are happy to offer advice on planting and after care and have a range of plant protection products if required.

New for this year we are investing in an extensive cold storage facility to enable improved plant storage to keep plants in peak condition.

Ray Jenkins

Production Director

Winner Horticulture Week

"Most outstanding contribution to the environment"

Pete Weston Award 2006

For General Sales contact our parent nursery:

Wyevale Nurseries Ltd, Kings Acre, Hereford HR4 7AY

Directions to Nursery Site: (Sat-nav: use 'GL19 3LA')

WYEVALE TRANSPLANTS lies on the A417 Gloucester–Ledbury road.

From Junction 2 of the M50 motorway, take the A417 (south) direction Gloucester. Proceed just 100 metres to see the sign and entrance on the right hand side. Follow green arrows along trackway.

From Gloucester (12 miles) Take the A417 – direction Ledbury.

From Hereford (20 miles) Take the A438 – direction Tewkesbury, then at Ledbury the A417 – direction Gloucester.

From Motorway M5 Junction 8 Take the motorway M50 – direction Ross. Leave the M50 at Junction 2.

PLANT SPECIFICATIONS

At Wyevale we adhere to the National Nursery Stock Specifications as published by the Horticultural Trades Association.

To specify a bare root transplant is the most efficient way of ordering planting material; no pot, no peat, no heat, just plants in their basic form produced outdoors, hardy as nature intended. More than this, to specify transplants in the height range 30cm through to 100cm allows planting of material easy to handle and carry to site, quick to plant and on most sites, not requiring expensive staking.

What age to specify? In most cases a 2 year old plant 40-60cm or 60-80cm, height is the best choice. A 1+1 transplant is the staple norm. 1u1 gives a slimmer, straighter plant. 1+2 a stocky bushier plant. 1+0 LD (see 'Key to plant age') is a cheaper specification suitable when planting where weed competition will be less intense, soil shallow or on exposed windy sites. Plants grown from hardwood cuttings rather than seed are given the rather perplexing term 0/1 or 0+1 to indicate age, in this example one year old.

N.B. The National Plant specifications are now available online: gohelios.co.uk

'Rootgrow Professional' Mycorrhizal Root Dip

(*mycorrhizal* = 'fungus-root')

In Nature, woody plants form a root relationship with certain species of fungi which confer benefits to the plant. These fungi types, known as mycorrhiza, aid root uptake by acting as an extension to the true root system allowing the plant to survive and thrive in more hostile sites than otherwise possible. The results show in the form of increased survival rates when transplanted, better subsequent growth, resistance to certain diseases and drought tolerance. Plants pick up these beneficial fungi naturally but not all do so from the beginning of their life, especially so on sites with no history of tree growth.

Wyevale Transplants has joined forces with 'Plantworks' a Kent based company offering the first British-sourced inoculum of four strains of woody plant mycorrhiza under the name 'rootgrow professional'. This product we can offer as a root dip combined with a water-retaining gel. It is applied at the point of bagging for despatch and when protected from UV light and desiccation will remain vital until planting out.

We can offer this service at only 3p per plant 1000-rate (5p per plant on 100-rate). Please indicate at the time of ordering if you would like to take up this offer.

HEDGE HUNTER

Two broad categories of hedging exist:

Rural Hedging

Consists mainly of *Crataegus monogyna* (Hawthorn) but includes a variety of native shrubs such as:

ACER CAMPESTRE	Field Maple
CORNUS SANGUINEA	Common Dogwood
CORYLUS AVELLANA	Hazel
EUONYMUS EUROPAEUS	Spindle
ILEX AQUIFOLIUM	Holly
LIGUSTRUM VULGARE	Common Privet
PRUNUS SPINOSA	Blackthorn
ROSA CANINA	Dog Rose
VIBURNUM LANTANA	Wayfaring Tree
VIBURNUM OPULUS	Guelder Rose

General recommendations are that Hawthorn hedging is best planted in a double row 25cm (10 inches) apart, 30cm (12 inches) apart within the rows (i.e. 6 plants per metre length of hedge). However, using our robust 1+1 transplants this planting density can be reduced by one third. For a natural effect, mix at least 5% other shrubs appropriate to the environs. Why not add a few climbing Honeysuckle (*Lonicera periclymenum*) to give a natural rustic appearance to the hedge.

Ornamental Hedging

The following varieties are more suitable for use in gardens:

BUXUS SEMPERVIRENS	(Box)	single row 30cm apart
CARPINUS BETULUS	(Hornbeam)	double row 45cm apart
COTONEASTER SIMONSII		single row 45cm apart
FAGUS SYLVATICA	(Beech)	double row 45cm apart
LIGUSTRUM OVALIFOLIUM	(Privet)	double row 45cm apart
LONICERA NITIDA	(Shrub Honeysuckle)	single row 45cm apart
PRUNUS LAUROCERASUS	(Laurel)	single row 45cm apart
ROSA RUGOSA	(Ramanas Rose)	single row 30cm apart
CHAMAECYPARIS LAWSONIANA	(Lawsons Cypress)	double row 45cm apart
TAXUS BACCATA	(Yew)	single row 45cm apart
THUYA PLICATA	(Western Red Cedar)	double row 45cm apart

Wildstar Cherry

At East Malling Research Station (HRI) in 1989, a project started to find superior quality, native Wild Cherry for future timber production. Eventually 10 clones were selected, cleverly chosen from a range of natural sites (Cumbria to the Chilterns). All showed faster growth, improved branch structure, resistance to canker and the prospect of raising a finished hardwood timber crop in 40-50 years under British conditions. These clones were vegetatively propagated and marketed under the name 'Wildstar'.

Only now for the first time is seed available from an isolated stand of 'Wildstar'. We have the first-fruit progeny which should show the characteristics of the parent trees in a vigorous, seedling form. By law we can't call it 'Wildstar' but 'Star Seedling' describes the merits of this 20 year project to improve British Wild Cherry.

PERSONALISE YOUR PLANTING

If you are planting a rural hedge, don't forget to ask us to include a few other appropriate species; hedges look best when mixed.

For ideas we suggest *Cornus sanguinea* (*Common Dogwood*) or *Malus communis* (*Crab Apple*). Why not put in a few native hedge climbers; *Rosa canina* (*Dog Rose*) and *Lonicera periclymenum* (*Honeysuckle*) will give that rustic look.

When planting trees, don't forget Britain's rare native *Populus nigra betulifolia* (*Black Poplar*), you will create a tasty legacy by including *Juglans regia* (*Walnut*) or *Castanea sativa* (*Sweet Chestnut*). Consider an under storey of shade tolerant shrubs such as *Corylus Avellana* (*Hazel*) and *Ilex Aquifolium* (*Holly*). Most of all you own your planting; let it reflect your choice and enjoy it.

PLANTING PRODUCTS

We stock the following key sundries to assist safe establishment of your newly planted transplants:

	EACH PER 100	EACH PER 1000
SPIRAL GUARDS (for rabbit protection)		
60cm ht 250 per box (clear)	.25	.20
BAMBOO CANES (for use with spirals)		
90cm ht 500 per bale (9-11 lbs. per 100 grade)	.10	.06
MYCORRHIZAL ROOT DIP		
In association with 'Plantworks' we can offer a British-sourced mycorrhizal fungal inoculant; 'Rootgrow professional'. Applied by us at the point of packing as a gel root-dip. Gel protects roots: inoculant provides a dose of soil symbiotic fungi to aid establishment. (See box page 6.)	.05/plant	.03/plant

SPECIAL QUOTATIONS FOR LARGE QUANTITIES

Wyevale Nurseries Ltd – Terms of Trading

1 Price

- 1.1 The price quoted excludes VAT, delivery, packing, insurance and other taxes or duties (unless otherwise stated). Rates of tax and duties on the goods will be those applying at the time of delivery.
- 1.2 Any quotation we issue is open for acceptance for 30 days from the date of quotation and is subject to availability (unless otherwise stated).
- 1.3 Unless otherwise stated, the price quoted is an illustrative estimate only and the price charged will be our price current at the time of delivery.
- 1.4 At any time before delivery we may adjust the price to reflect any increase in our costs of supplying the goods.

2 Delivery

- 2.1 Although we make all reasonable efforts to effect delivery in accordance with prearranged dates, such dates are estimates only and time shall not be of the essence.
- 2.2 If we fail to deliver within a reasonable time, you may (by informing us in writing) cancel the contract, however:
 - 2.2.1 you may not cancel if we receive your notice after the goods have been dispatched; and
 - 2.2.2 if you cancel the contract, you can have no further claim against us under that contract.
- 2.3 If you accept delivery of the goods after the estimated delivery time, it will be on the basis that you have no claim against us for delay (including indirect or consequential loss, or increase in the price of the goods).
- 2.4 If for any reason you fail to accept delivery of any goods when they are ready for delivery, or you request us to delay or withhold delivery, or we are unable to deliver the goods because you have not provided adequate instructions, we may:
 - 2.4.1 treat the goods as having been delivered on that day (for the purposes of risk, inspection and payment); and
 - 2.4.2 charge you for the storage, additional husbandry or redelivery of those goods.
- 2.5 We may deliver goods in instalments and in any sequence. Each instalment is treated as a separate contract.
- 2.6 We may decline to deliver if:
 - 2.6.1 we believe that it would be unsafe, unlawful or unreasonably difficult to do so; or
 - 2.6.2 the premises (or the access to them) are unsuitable for our vehicle.
- 2.7 If you are collecting goods from us you are responsible for the size, weight and positioning of any load on your vehicle and must ensure that your vehicle is sufficiently equipped to enable safe loading.
- 2.8 You must provide appropriate equipment and manual labour for unloading the goods at the delivery point. If our delivery vehicle is kept waiting for an unreasonable amount of time, is obliged to return without completing delivery or if we provide additional staff to unload goods an additional charge will be made.
- 2.9 Where we deliver goods in returnable containers, the containers must be empty when made available for collection. We reserve the right to either not collect containers containing rubbish or waste material (including packaging and pots) or to collect them and charge you for the disposal of the contents.

3 Risk

- 3.1 The goods are at your risk from the time of delivery.
- 3.2 Delivery takes place either:
 - 3.2.1 when the goods are loaded at our premises (if you are collecting them or arranging carriage); or
 - 3.2.2 when the goods are unloaded at your premises or address specified by you (if we are arranging carriage).
- 3.3 You must inspect the goods on delivery. If any goods are damaged or not delivered, you must telephone us within two days of delivery or the expected delivery time, and write to confirm your claim within five days of your initial notification. You must give us (and any carrier) a fair chance to inspect the damaged goods. If you fail to notify us in accordance with these requirements, you will not be entitled to reject the goods and will be deemed to have accepted the goods in accordance with the contract.

4 Payment terms

- 4.1 You are to pay us in cash or in cleared funds prior to delivery, unless you have an approved credit account.
- 4.2 If you have an approved credit account, payment is due within 30 days of the date of our invoice unless otherwise agreed in writing.

- 4.3 If you fail to pay us in full on the due date we may:

- 4.3.1 suspend or cancel future deliveries;
- 4.3.2 cancel any discount offered to you;
- 4.3.3 charge you interest at the rate set under s.6 of the Late Payment of Commercial Debts (Interest) Act 1998;
 - a. calculated (on a daily basis) from the date of our invoice until payment;
 - b. compounded on the first day of each month; and
 - c. before and after any judgment (unless a court orders otherwise);
- 4.3.4 claim fixed sum compensation from you under s.5A of that Act to cover our credit control overhead costs; and
- 4.3.5 recover (under clause 4.7) the cost of taking legal action to make you pay.

- 4.4 If you have an approved credit account, we may withdraw it or reduce your credit limit or bring forward your due date for payment. We may do any of these at any time without notice.
- 4.5 You do not have the right to set off any money you may claim from us against anything you may owe us.
- 4.6 While you owe money to us, we have a lien on any of your property in our possession.
- 4.7 You are to indemnify us in full and hold us harmless from all expenses and liabilities we may incur (directly or indirectly including financing costs and including legal costs on a full indemnity basis) following any breach by you of any of your obligations under these terms

5 Title

- 5.1 Until you pay all debts you may owe us:
 - 5.1.1 all goods supplied by us remain our property;
 - 5.1.2 you must store them in suitable conditions and so that they are clearly identifiable as our property;
 - 5.1.3 you must insure them (against the risks for which a prudent owner would insure them) and hold the policy on trust for us;
 - 5.1.4 you may use those goods and sell them in the ordinary course of your business, but not if:
 - a. we revoke that right (by informing you in writing); or
 - b. you become insolvent.
- 5.2 You must inform us (in writing) immediately if you become insolvent.
- 5.3 If your right to use and sell the goods ends you must allow us to remove the goods.
- 5.4 We have your permission to enter any premises where the goods may be stored:
 - 5.4.1 at any time, to inspect them; and
 - 5.4.2 after your right to use and sell them has ended, to remove them, using reasonable force if necessary.
- 5.5 Despite our retention of title to the goods, we have the right to take legal proceedings to recover the price of goods supplied should you not pay us by the due date.
- 5.6 You are not our agent. You have no authority to make any contract on our behalf or in our name.

6 Warranties

- 6.1 We warrant that the goods:
 - 6.1.1 comply with their description on our order confirmation form; and
 - 6.1.2 are free from damage at the time of delivery (as long as you comply with clause 6.4).
- 6.2 We cannot guarantee that the goods will be free from infection, infestation or disease, or that goods supplied are not of a type known to be poisonous or of a type having injurious, hazardous or irritating properties unless this has been specified in your order.
- 6.3 We give no other warranty (and exclude any warranty, term or condition that would otherwise be implied) as to the quality of the goods or their fitness for any purpose.
- 6.4 If you believe that we have delivered goods that are in breach of our warranty you must:
 - 6.4.1 inform us by telephone within two days of the defect becoming apparent and write to us within five days or your initial notification to confirm your claim; and
 - 6.4.2 retain any packing and provide us with full details of the type and species of the goods; and
 - 6.4.3 allow us to investigate (we may need access to your premises and or ask you to return goods to us for examination).

WYVEALE TRANSPLANTS

- 6.5 If the goods are found to be in breach of our warranty (following our investigations), and you have complied with those conditions (in clause 6.4) in full, we will (at our option) replace those goods with similar goods, tend any damaged goods or credit the value to your invoice.
- 6.6 We cannot accept liability in respect of any defect arising from weather, accident, failure to tend or failure to follow our instructions.
- 6.7 We are not liable for any other loss or damage (including indirect or consequential loss, financial loss, loss of profits or loss of use) arising from the contract or the supply of goods or their use, even if we are negligent.
- 6.8 Our total liability to you (from one single cause) for damage to property caused by our negligence is limited to ten million pounds (or the appropriate amount of insurance we have in place when the contract is performed).
- 6.9 For all other liabilities not referred to elsewhere in these terms our liability is limited in damages to the price of the goods.
- 6.10 Nothing in these terms restricts or limits our liability for death or personal injury resulting from negligence.
- 7 Specification**
- 7.1 If we grow the goods in accordance with your specifications or instructions you must ensure that:
- 7.1.1 the specifications or instructions are accurate;
- 7.1.2 goods grown in accordance with those specifications or instructions will be fit for the purpose for which you intend to use them; and
- 7.1.3 your specifications or instructions will not result in the infringement of any intellectual property rights of a third party, or in the breach of the Plant Varieties and Seed Act 1964 or any other applicable law or regulation.
- 7.2 We are not responsible for the performance or suitability of goods grown in accordance with your specifications and instructions.
- 7.3 We reserve the right;
- 7.3.1 to make any changes in the specifications of our goods that are necessary to ensure they conform to any applicable safety or statutory requirements; and
- 7.3.2 to substitute any type or species where the substitution does not materially affect the characteristics of the goods and where the substituted goods are of equal or superior quality to those originally specified.
- 7.4 Any description, illustrations, figures as to performance, drawings, weights and dimensions contained in our catalogues, price lists or advertising material are illustrative only and will not form part of the contract between us.
- 7.5 The goods naturally vary in shape and size. We may supply individual items which vary from any specified dimension by up to 20%. However, we will try to ensure that the total weight of the goods delivered is as you ordered.
- 8 Return of goods**
- 8.1 We will accept the return of goods from you only:
- 8.1.1 by prior arrangement (confirmed in writing);
- 8.1.2 on payment of an agreed handling charge (unless the goods were defective when delivered); and
- 8.1.3 where the goods are as fit for sale on their return as they were on delivery.
- 9 Export terms**
- 9.1 Where the goods are supplied by us to you by way of export from the United Kingdom Clause 9 of these terms applies (except to the extent that it is inconsistent with any written agreement between us).
- 9.2 The 'Incoterms' of the International Chamber of Commerce which are in force at the time when the contract is made apply to exports, but these terms prevail to the extent that there is any inconsistency.
- 9.3 Unless otherwise agreed, the goods are supplied ex works our place of manufacture.
- 9.4 Where the goods are to be sent by us to you by a route including sea transport we are under no obligation to give a notice under section 32(3) of the Sale of Goods Act 1979.
- 9.5 You are responsible for arranging testing and inspection of the goods at our premises before shipment (unless otherwise agreed). We are not liable for any defect in the goods which would be apparent on inspection unless a claim is made before shipment. We are not liable for any damage during transit.
- 9.6 We are not liable for death or personal injury arising from the use of the goods delivered in the territory of another State (within the meaning of s.26 (3) (b) Unfair Contract Terms Act 1977).
- 10 Cancellation**
- 10.1 You may not cancel the order unless we agree in writing (and clauses 2.2.2 and 10.2 then apply).
- 10.2 If the order is cancelled (for any reason) you are then to pay us for all stock that we may then hold (or to which we are committed) for the order.
- 10.3 We may suspend or cancel the order, by written notice if:
- 10.3.1 you fail to pay us any money when due (under the order or otherwise);
- 10.3.2 you become insolvent;
- 10.3.3 you fail to honour your obligations under these terms.
- 11 Waiver and variations**
- 11.1 Any waiver or variation of these terms is binding in honour only unless:
- 11.1.1 made (or recorded) in writing;
- 11.1.2 signed on behalf of each party; and
- 11.1.3 expressly stating an intention to vary these terms.
- 11.2 All orders that you place with us will be on these terms (or any that we may issue to replace them). By placing an order with us, you are expressly waiving any printed terms you may have to the extent that they are inconsistent with our terms.
- 12 Force majeure**
- 12.1 If we are unable to perform our obligations to you (or able to perform them only at unreasonable cost) because of circumstances beyond our control, we may cancel or suspend any of our obligations to you, without liability.
- 12.2 Examples of those circumstances include periods of inclement weather (including storm, freezing temperatures, or excessive heat), act of God, accident, explosion, war, terrorism, fire, flood, transport delays, strikes and other industrial disputes and difficulty in obtaining supplies.
- 13 General**
- 13.1 English law is applicable to any contract made under these terms. The English and Welsh courts have non-exclusive jurisdiction.
- 13.2 Any dispute arising out of the contract must be referred to the arbitration of an agreed arbitrator, or, failing that, an arbitrator appointed by the Chartered Institute of Arbitrators.
- 13.3 We are contracted to you as principal and will not accept any instructions from any agent of yours, including architects, specifiers, and landscapers unless those instructions are confirmed in writing by yourself.
- 13.4 If you are more than one person, each of you has joint and several obligations under these terms.
- 13.4 If any of these terms are unenforceable as drafted:
- 13.4.1 it will not affect the enforceability of any other of these terms; and
- 13.4.2 if it would be enforceable if amended, it will be treated as so amended.
- 13.5 We may treat you as insolvent if:
- 13.5.1 you are unable to pay your debts as they fall due; or
- 13.5.2 you (or any item of your property) become the subject of:
- a. any formal insolvency procedure (examples of which include receivership, liquidation, administration, voluntary arrangements (including a moratorium) or bankruptcy);
- b. any application or proposal for any formal insolvency procedure; or
- c. any application, procedure or proposal overseas with similar effect or purpose.
- 13.6 All brochures, catalogues and other promotional materials are to be treated as illustrative only. Their contents form no part of any contract between us and you should not rely on them in entering into any contract with us.
- 13.7 Any notice by either of us which is to be served under these terms may be served by leaving it at or by delivering it to (by first class post or by fax) the other's registered office or principal place of business. All such notices must be signed.
- 13.8 No contract will create any right enforceable (by virtue of the Contracts (Rights of Third Parties) Act 1999) by any person not identified as the buyer or seller.
- 13.9 The only statements upon which you may rely in making the contract with us, are those made in writing by someone who is our authorised representative and either:
- 13.9.1 contained in our estimate (or any covering letter) and not withdrawn before the contract is made; or
- 13.9.2 which expressly state that you may rely on them when entering into the contract.
- 13.10 Nothing in these terms affects or limits our liability for fraudulent misrepresentation.
